

MARK ELLIOTT - American Road, (Cub Creek 1967).

A Staff writer veteran of the Nashville hit factories; Mark Elliott is also a gifted performer, wisely continuing his solo career. His latest release showcases his tight, witty lyrics, nimble guitar playing and especially his strong, soulful singing, which carries the day even when a certain Nashvillian glibness occasionally crops up.

- Good album! – RM(Sing-Out Magazine Spring 2005; Volume 49, Number 1)
